

SILICONE CORD

Jehbco Silicone cords are available in an extensive range to suit your needs.

They can be manufactured in any size from 1.0mm DIA up to 50.0mm DIA, with no special tooling necessary.

Suitable compounds together with tolerance accuracy and colour matching for high and low temperature requirements. The extruded products can be manufactured in a range between 20° to 90° shore A.

Food grade and flame retardant materials are also available. Please feel free to request a free quotation.

Cords: from 1.0mm up to 50.0mm DIA
